QUICK ANSWERS

What should we wear?

Solid or softly patterned colours photograph best: ivory, sand, blush, navy or black. Bring comfortable shoes for walking between spots. We share a short styling guide after booking.

What if the weather turns?

If rain, sandstorm or an official advisory makes the shoot unsafe, we reschedule to the next available slot during your stay.

Is transportation included?

Not in the standard packages. You travel between locations by taxi or your own car; we plan a route that keeps travel short.

Are entry tickets included?

No. Any attraction or venue entry fees are paid by you and listed in your quotation where they apply.

Do we get the original files?

Yes. Original, unedited photos are shared after you complete your selection, as per your package terms.

When do we receive our photos?

Edited photos are delivered within 48 hours after you send your final selection through your selection link.
